

# Thinking Flow? Think Amar!

## Your-One-Stop-Shop for flow chemistry

Chemistry  
screening  
for flow

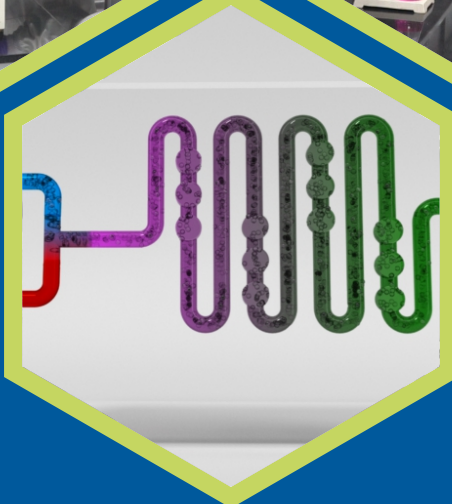

Lab scale  
process  
optimization

Pilot scale  
process  
optimization

Scale-up  
design &  
supply

### Amar Advantage:

- State of the art flow chemistry process development lab with wide choice of indigenous flow reactors, pumps & utilities.
- Lab trials to piloting & tailor-made scale-up design.
- In-house analytical facilities.
- Chemistry, chemical & mechanical engineering expertise under one roof.

## FLOW CHEMISTRY SERVICES

# CONTINUOUS FLOW TECHNOLOGY

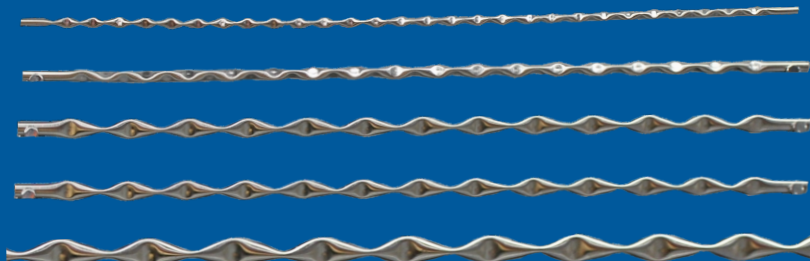

Well researched reactor designs to suit your specific applications from 1ml to 200 ltr reactor volume

3D printed  
AMaR-2

AMaR-2

AMaR 4P - Pinched tube reactor

## Easy Scale-up

Lab

Pilot

Production  
upto 10 m<sup>3</sup>/hr

## Integrated Turnkey Solutions

Lab Flow Systems

Pilot Systems

Commercial Plant

### AMAR EQUIPMENT PVT. LTD.

Valson Textile Mills, LBS Road, Bhandup (W), Mumbai - 400078, INDIA.
